

Eligibility

Santander will provide funding of £1,000 per student to enable students to undertake International Mobility. These can include internships, work and placement experiences.

To be eligible for the funding you must be in receipt of the Student Support Package and have received notification that the 2023/2024 overseas placement has been approved by the University. Approvals must be completed by 24th August 2023. Funding will be allocated on a first come first served basis.

The University shall administer this funding through the Santander Scholarships Platform – www.becas-santander.com.

To apply all required details on the Santander Scholarships Platform must be completed. You will be asked to submit a short statement briefly explaining the benefits of the placement to your future career planning and employability, and how the funding will help support you with associated costs not covered by the placement provider.

Successful candidates will be required to sign a Scholarship Agreement and payment will be made by bank transfer within 2 weeks of the start date of the placement.

Successful students will be asked to provide a short report on their return that reflects on their learning gains and employability skills; this will be shared with Santander Universities UK.
