

Santander Universities £10k Support Grant

Programme Timeline and Process, and Terms & Conditions

Overview

Santander Universities are providing 20 undergraduates and post-graduates – from all UK universities - the opportunity to receive a Santander Grant worth £500 each (referred to herein as the **Grant**). Successful applicants (who will be chosen at random) will be able to use the Grant value as credit to purchase a variety of resources directly from the [Santander Aspire webstore](#) (owned and managed by a third party, JS Group) – including laptops, printers, internet data, magazine subscriptions, and much more.

Before you apply for the Grant, please take the time to read through the Terms and Conditions and ensure that you meet all the criteria listed below.

Timeline and Key Dates

1. Application process

- Applicants must first register on the Santander Scholarship platform, after which they can apply for the Grant. Applications may be submitted from 09:00am (UK time) on 01/11/2022 and will close at 11:00pm (UK time) on 12/12/2022. Applications made outside of this time frame will not be considered.
- Applicants will confirm that they meet the eligibility criteria upon submitting their application via the Santander Scholarship platform (see 'Eligibility criteria' section for further detail).
- Please see the 'Terms and Conditions for the Grant' section below for details on what information will need to be submitted as part of the application process.
- Applicants will receive a confirmation email of their application from the Santander Scholarship platform.

2. Selection process

- Once applications have closed, Santander Universities will select 20 students at random (using an online random-selection platform) on the basis that they have met all the eligibility criteria stated below. If you wish to find out more about this process, please contact santander.universities@santander.co.uk.
- Once the winners have been identified, Santander Universities will contact the relevant university for that successful applicant in order to verify that applicant's details – as part of this verification process Santander Universities will share each applicant's name, email and student ID number. This verification process will take place prior to Santander Universities communicating the outcome to the relevant students, and will only apply to those applicants that attend our partner universities (you can see a list of our partners [here](#)).
- Should the winners attend a non-partner university, Santander Universities will confirm the student verification process with the applicant directly (the selected students) on 14/12/2022 ahead of the results being formally announced. If the applicants can successfully prove their student status, they will go on to receive confirmation of their success in due course.
- Should the successful applicant or respective universities not be able to verify their student status, a new winner(s) will be selected at random to receive the Grant instead.

3. Confirmation of outcome, winners announced

- All applicants will be informed of the outcome of their application on 20/01/2023 via an email from the Santander Scholarship platform.

4. Receipt of the Grants

- Once the successful applicants' student status has been confirmed, Santander Universities will be in touch to confirm next steps. For successful applicants that belong to a partner university, this email will be sent on

20/01/2023, alongside the email from the Santander Scholarship platform. This date may differ for non-partner university winners depending on when their student status has been verified.

- All successful applicants must formally accept the Grant via the link in the email (from the Santander Scholarship platform) by 5pm (UK time) 27/01/2023. This date may differ for non-partner university winners depending on when their student status has been verified – they must formally accept the Grant via the link in the email (from the Santander Scholarship platform) by the deadline stated in that email.
- Once the Grant has been accepted, successful applicants will receive 2 emails from JS Group: one which will include a link to the Santander Aspire webstore (which is managed by JS Group), including their log-in details, and another which will confirm the Grant value. The value of the Grant will automatically be credited to their JS Group user account.
- Once the successful applicants have logged in, they will be able to browse the Santander Aspire webstore where they will be able to purchase a variety of products/services using the Grant value they have been awarded.
- The credit which is applied to the successful applicants' accounts will be valid for 12 months. This will start from the date when they receive the link (via JS Group) to access the webstore. The credit applied to the accounts will not be accessible after the 12-month period. i.e. any remaining funds (after the 12-month period) will be cleared from students' webstore accounts.
